DETAILED ACTION

Applicant's arguments filed 2/27/04 have been fully considered but they are not persuasive. See argument below.

I. Rejection of claims 4,7 under 35 USC 102(b) as being anticipated by Hirano on record on record will be maintained for reason on record and reason as follows.

Applicant argues that Hirano does not teach a sustained released pharmaceutical composition. Examiner argues that Hirano teaches the excretion of urine (composition) by a dog. The urine comprises Beraprost sodium. Examiner reiterates that the dog's urine would inherently comprise an ionic compound. Since the instant sustained release composition also comprises Beraprost sodium plus the ionic compound, the prior art urine composition reads on the instant sustained release composition.

Applicant argues that Hirano does not teach an amount of ionic compound to increase the water / oil coefficient. In a claim to a composition, a statement to the function of the composition's components or to the intended use of the composition has no patentable significance.

II. Rejection of claim 6 under 35 USC 103(a) under 35 USC 103(a) as being obvious over Hirano will be maintained for reasons on record and reason as follows. See argument above in I.

III. Objection to claims 8-10,12-15 and the allowability of claims 17 and 18 will be maintained for reason on record. See office action of 11/19/03.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
